<p>STAFF RECOMMENDATIONS: Anthony DeFranco, age 41, is serving a Life sentence for Criminal Homicide from Erie County. He was transferred to SCI-Smithfield from SCI-Albion on 3-8-05 on an ADM/SEP basis to separate him from William Barr, Superintendent's Assistant, due to litigation DeFranco filed against Mr. Barr. Mr. Barr did not want future potential problems between the inmate and future potential grievances. Prior to his arrival at SCI-Smithfield, SCI-Albion circulated a vote sheet on 3-10-04 for a "Z" code, and the Vote Sheet denied the "Z" code. In response to this, DeFranco filed a civil action against several SCI-Albion staff members. DeFranco has indicated that the "Z" code was ordered by the court to be assigned to him. A copy of a Magistrate Judge's Report and Recommendation in association with this action, is in his file, and under the Conclusion section of that document it indicates that it was the judge's recommendation that, "Defendants should be ordered to return Plaintiff to z-code status in a single cell at SCI-Albion immediately." Upon his arrival at SCI-Smithfield, a temporary "Z" code was assigned at IRC, and on 4-13-05, a PRT was held to determine his progress and whether to keep his "Z" code. The consensus of the PRT was that he keeps his "Z" code.</p>
